## *Accolades*

"Having delicious food was one of the most important aspects of our wedding and we could not have been more satisfied with our decision to use Angeli's Restaurant for our wedding. We had the opportunity to work with John from Angeli's Restaurant and he was a complete pleasure to work with! He was kind, responsive and very organized. We felt completely at ease when we met with him and could tell that we were in good hands!

The day of the wedding, the food was even more delicious than I remembered from our tasting! We chose 4 appetizers to serve: butternut squash gnocchi, asparagus and prosciutto, bruschetta and bacon wrapped dates! Each of these was mouth-watering good! For dinner, guests had the choice of ordering either eggplant parmesan or chicken margarita. We also served family style pasta at the dinner table. Friends and family came up to us throughout the night and exclaimed how delicious the food was and some even said the eggplant parmesan was the best they ever had! I ordered this for my meal and would have to agree!

Throughout the evening Tony checked up with us to see if we needed anything and just made sure we were having a wonderful time. I thought this was a nice touch. His staff was also very professional and courteous. One of the staff even brought an appetizer platter out to us while we were taking pictures during our cocktail hour! We had a wonderful experience using Angeli's Restaurant for our wedding and highly recommend them to for weddings or a delicious meal in their restaurant!"

"Tony is fantastic! This was the easiest decision we got to make for our wedding. Not only does Tony work with you to get what you want in the budget you have, the food is amazing! Exceptional service. We even dined in the restaurant before considering them as our caterer and the search was over."

"Tony at Angeli's provided the catering for our February 14th wedding at the Danada House in Wheaton, IL. We could not have asked for a better caterer. Tony always made himself available in the wedding planning stages for all of my questions (which I, of course, had an abundance of) and he made everything that I requested possible. The level of organization and knowledge him and his staff displayed from ceremony to reception was outstanding. They are definitely a well-oiled machine and know exactly what they are doing. The food tasted wonderful, presented beautifully and far exceeded our expectations. It was so much better than what you typically get at a wedding that our guests were asking for to-go containers (which they were provided!!). As the icing on the cake, Angeli's was very reasonably priced for the high level of service we received. Their quote was right in line with the other caterers we interviewed only their quote included much more (i.e. champagne toast, passed hors d'oeuvres, etc.). I would highly recommend Angeli's to anyone looking for an attentive caterer who serves delicious food."

## Frequently asked questions

**Do you have any referrals from past weddings you have done?**

Absolutely! Type the below link in your browser and take a look at what brides and grooms have said about their experience with us: <https://www.weddingwire.com/reviews/angelis-naperville/7060dce6e36d31ba.html>

**How does this process start?**

Once you have your venue booked we ask you to look at our wedding menu and let us know which bar package (if applicable at your particular venue), menu option and style of service best fits your vision and budget. Once we receive this information we will get started on a custom proposal for you. We will then email you the initial quote with pricing and details. We will wait to hear your feedback on menu and pricing and then begin to make necessary adjustments.

**Do you offer tastings?**

Yes, once your initial proposal is complete (see above) we invite you in to our restaurant in Naperville (1478 E. Chicago Avenue)

**Is there a fee for the tasting?**

Tasting for 2 is complimentary, anyone over and above that is \$30.00 per person. Angelis does have a full bar and you and your guests are welcome to order whatever you would like but by law full price must be charged for all alcoholic beverages

**What days and times are available for a tasting?**

Friday and Saturdays are typically very busy at the restaurant and not conducive for tastings and we are out at weddings and events making sure all is going perfectly (as we will for you too!).

Tuesdays, Wednesdays, Thursdays and select Sundays are available. We try and schedule around 4:00/4:30 or after 7:00 trying to avoid the dinner rush. If your schedule does not permit any of these times or days we can at times accommodate and make alternate suggestions.

**I like one of the menus but have some different ideas for appetizer selections and main course – can these be replaced with other options?**

Of course! These menus and combinations are simply suggestions to get the ball rolling. All of our menus are completely customizable to fit your specific needs.

**We like the bar options but our families have some specific brands they prefer over the ones listed, can we substitute items?**

Of course! We will make every effort to make sure the bar items are what you and your guests like to drink.

**Can you provide a cake and/or desserts?**

Yes! We work closely with a couple of different bakeries that we can refer you to based on your specific needs.

**How many staff members do you provide?**

The size and details of your wedding will determine that. Angelis is well known for properly staffing its events. On average each server will have 2.5 tables and will be supported by porters, bartenders (if applicable), delivery drivers, kitchen staff, dishwashers and an event manager.

**I do not see food stations as a style of service offered. Can Angelis accommodate if I would like my reception to be stations?**

Yes, we can and have done just about every style of service imaginable.

**When is my final guest count due?**

3 weeks prior to your wedding date. This can be adjusted up to 1 week prior but should only be reserved for a few last minute RSVP's.

**The venue I am looking at has a long list of insurance and licensing needs. Does Angelis meet these requirements?**

Yes! We are fully licensed and insured and meet and or exceed most venues' requirements.

**Our venue charges a caterers fee. What does that cover?**

Each venue we work with has its own set of rules, regulations and fees. Some will charge the caterer a percentage of the total bill, some a set dollar amount per guest, some a flat fee for the year. Pricing for this will be in your final proposal.

**Our venue does not have you listed on the preferred caterers list. Can Angelis still caterer our wedding?**

More times than not, YES! We can let your venue know that we are qualified to work at their facility. Most venues are just fearful of a caterer who is not a pro and doesn't know all of the moving parts necessary to successfully cater a wedding. If there is a fee to bring Angelis in as a caterer we can negotiate that fee.

**Is the labor charge listed gratuity for your staff?**

No, labor charge is simply the cost for us to properly staff your wedding and covers the wages for the staff. While gratuity of course is appreciated it is not required unless listed otherwise.

**Can we order off your catering menu instead of your wedding menu?**

Wedding receptions have a large amount of service and rental needs that are included in our pricing listed on the wedding menu. The catering menu does not have all of the needs that are associated with a wedding reception at any of our offsite venues.

**Can you accommodate dietary restrictions and allergies?**

Yes, if some of your guests have a specific need we can easily provide a special meal for them

**Do you offer late night snacks?**

Of course! From Chicago style hot dogs, Mini Chicken Parm sliders, to Italian beef sandwiches, we have you covered!

**Do you provide table linens?**

Yes, we work with a linen company that has endless options of colors and fabrics to choose from.

**How much do linens typically cost?**

Because each wedding has different table needs and layout ideas vary so much from wedding to wedding it is tough to give an average but we see linens add roughly \$6.00 - \$8.00 per guest.

**Does Angelis require a deposit to reserve our date?**

Yes, A minimum deposit of \$1500.00 is required to reserve our services for your date. Deposit request may increase depending on the size of your particular event.
